

38th International Conference of the Chilean Computer Science Society SCCC 2019

Universidad de Concepción – November 4-8, Concepción, Chile, 2019

About the Conference

The International Conference of the Chilean Computer Science Society (SCCC) invites the submission of papers describing original, previously unpublished work in all areas of Computer Science. The SCCC conference is a forum for the presentation of recent original work and it is an opportunity for students and researchers to extend their research network.

The 38th version of this event will be held in Concepción, Chile. The conference is sponsored by IEEE Chile Section Computer Chapter and the Chilean Computer Science Society. We call for submissions on the broad field of computer science and informatics, considering the following topics of interest (but not limited to):

- Algorithms
- Artificial intelligence
- Bioinformatics
- Business process mining
- Business process models
- Collaborative systems
- Computer graphics
- Computer networks
- Computer vision
- Databases
- Distributed and parallel systems
- Human-computer interaction
- Information retrieval
- Model-driven engineering
- Multi-agent systems
- Multimedia
- Natural language processing
- Numerical methods
- Operating systems
- Programming languages
- Theory of computer science
- Security and cryptography
- Simulation
- Software engineering
- Text and data mining
- Web technologies

Contact Information:

Venue

The International Conference of the Chilean Computer Science Society (SCCC) will take place in November 4-8, 2019 at Universidad de Concepción, located in Concepción, Chile.

Important Dates:

Submission Deadline: August 4th, 2019

Notification of Acceptance: August 30th, 2019

Camera Ready: October 7th, 2019

Submission Instructions

Prospective authors are invited to submit manuscripts reporting original unpublished research and recent developments in the topics related to the conference. Each submission will be reviewed by at least three members of the program committee. Submissions must be formatted according to the IEEE CS proceedings format. Papers can be written in English, Spanish or Portuguese, from 4 pages up to 8 pages, according to the contribution of the paper. Papers in Spanish or Portuguese must have their title and abstract in English. Submissions will be made through the EasyChair system. By submitting a paper, authors implicitly agree that at least one of them must be registered at the conference in order to present the paper. Only papers that have been presented by their authors during the conference may be published in the IEEE Proceedings, if they meet the IEEE quality review standards.

General Chair

Carlos Hernández, UNAB, Chile (carlos.hernandez.u@unab.cl)

Local Chair

Julio Godoy, UDEC, Chile (jugodoy@udec.cl)

Program Co-Chairs

Carla Taramasco, UV, Chile (carla.taramasco@uv.cl)

Ricardo J. Barrientos, UCM, Chile (rbarrientos@ucm.cl)
